#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Borough Council Borough of Flemington County of Hunterdon Flemington, New Jersey 08822

#### Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Borough of Flemington, as of December 31, 2015 and 2014, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these regulatory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

### SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the regulatory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough of Flemington's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Flemington's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the regulatory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles.

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Borough of Flemington on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough of Flemington as of December 31, 2015 and 2014, or the results of its operations and changes in fund balance for the years then ended of the revenues or expenditures for the year ended December 31, 2015.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2015 and 2014, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2014 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

## SUPLEE, CLOONEY & COMPANY

#### Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Flemington's regulatory financial statements. The supplementary information and data and schedules of federal awards and state financial assistance listed in the table of contents as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey are presented for purposes of additional analysis and are not a required part of the regulatory financial statements.

The supplemental information and schedules listed above and also listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the regulatory financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory financial statements or to the regulatory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and data listed in the table of contents, schedules of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

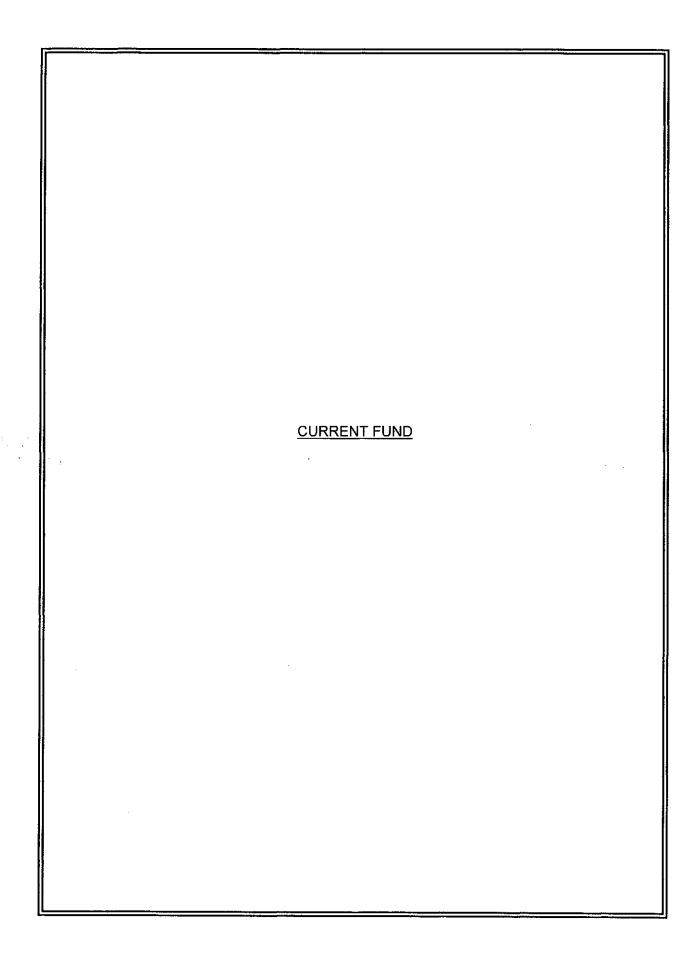

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2016 on our consideration of the Borough of Flemington's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Flemington's internal control over financial reporting and compliance.

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2015 AND 2014

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Borough of Flemington is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

Except as noted below, the financial statements of the Borough of Flemington include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Flemington, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Flemington do not include the operations of the municipal library or the regional school districts, inasmuch as their activities are administered by separate boards.

#### B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Borough of Flemington conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs. State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Flemington are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account group:

#### B. Description of Funds (Continued)

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

Water Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally owned Water Utility

<u>Sewer Utility Operating and Capital Funds</u> - account for the operations and acquisition of capital facilities of the municipally owned Sewer Utility

<u>Public Assistance Fund</u> - receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds

#### C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. All grants are realized as revenues when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenues when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

#### C. Basis of Accounting (Continued)

<u>Expenditures</u> - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's regulatory Appropriation Reserve balance.

Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis, interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

#### C. Basis of Accounting (Continued)

General Fixed Assets – N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal and real property having a physical existence, a useful life of more than one year and an acquisition cost of \$500.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund. No depreciation has been provided on General Fixed Assets or reported in the financial statements.

The Borough has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Adjustments for assets acquired/sold subsequent to this date have been recorded. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Buildings and land are stated at the assessed value contained in the Borough's most recent property revaluation.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital has not been accounted for separately.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

C. Basis of Accounting (Continued)

Fixed Capital - Water Utility and Sewer Utility

Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6.

Property and equipment purchased by the Water Utility Fund and the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents charges to operations for the cost of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

Accounting and Financial Reporting for Pensions - In June 2012, the Governmental Accounting Standards Board (GASB) approved Statement No. 68 Accounting and financial reporting for pensions administered by government employers. This Statement improves and local accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, Accounting for Pension by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. This statement is effective for periods beginning after June 15. 2014.

#### C. Basis of Accounting (Continued)

#### Accounting and Financial Reporting for Pensions (Continued)

In November of 2013, GASB approved Statement 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or non-employer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or non-employer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events.

At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

#### C. Basis of Accounting (Continued)

#### Accounting and Financial Reporting for Pensions (Continued)

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Assets (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Assets area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C.5:30 6.1(c)(2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

#### D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be held in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

#### NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

#### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

#### A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Borough of Flemington has the following cash and cash equivalents at December 31, 2015:

	Bank	Reconcil	Reconciled	
Fund Type	<u>Balance</u>	Additions	<u>Deletions</u>	<u>Balançe</u>
Current Fund	\$1,728,342.40	\$43,884.21	\$1,124,591.24	\$647,635.37
Grant Fund	232,289.10	5,000.00	5,885.50	231,403.60
Other Trust Fund	1,119,557.08	\$99,484.01	42,636.89	1,176,404.20
General Capital Fund	3,362,132.64		149,716.70	3,212,415.94
Water Utility Operating Fund	426,318.54	4,843.31	3,025.13	428,136.72
Water Utility Capital Fund	973,712.11		35,853.00	937,859.11
Sewer Utility Operating Fund	664,748.33	1,112,256.70	5,424.06	1,771,580.97
Sewer Utility Capital Fund	224,227.73		27,000.00	197,227.73
TOTAL DECEMBER 31,2015	\$8,731,327.93	\$1,265,468.23	\$1,394,132.52	\$8,602,663.64

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2015, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$781,980.37 was covered by Federal Depository Insurance and \$7,949,347.56 was covered under the provisions of NJGUDPA.

#### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

#### B. Investments

The purchase of investments by the Borough is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization;
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located:
- 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by Local Units:
- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization;

#### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

- B. Investments (Continued)
  - 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (c.52:18A-90.4); or
  - 8. Agreements for the repurchase of fully collateralized securities if:
    - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
    - b. the custody of collateral is transferred to a third party;
    - c. the maturity of the agreement is not more than 30 days;
    - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (c. 17:19-41); and
    - e. a master repurchase agreement providing for the custody and security of collateral is executed.

The Borough of Flemington had no investments outstanding as of December 31, 2015.

Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments nor is it exposed to foreign currency risk for its deposits and investments.

#### NOTE 3: LONG-TERM DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, based by the full faith and credit of the Borough.

#### NOTE 4: SHORT-TERM DEBT

In accordance with NJSA 40A:2-8.1, a local unit may, in anticipation of the issuance of bonds, borrow money and issue notes if the bond ordinance or subsequent resolution so provides. Any such note shall be designated as a "bond anticipation note" and shall be subject to the following provisions:

- (1) every note shall contain a recital that it is issued for a period not exceeding one year and may be renewed from time to time for additional periods, none of which shall exceed one year:
- (2) all such notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes; and
- (3) no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which those notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations.

#### **Bond Anticipation Notes**

Outstanding Bond Anticipation Notes are summarized as follows:

	Interest <u>Rate</u>	Due <u>Date</u>	<u>Amount</u>
General Capital	0.590%	3/31/16	\$ 4,551,837.00
Water Utility Capital	0.590%	3/31/16	\$ 1,619,500.00
Sewer Utility Capital	0.590%	3/31/16	\$ 402,358.00

In accordance with NJSA 40A:4 sections 64 through 73, in any fiscal year, in anticipation of the collection of taxes for such year, whether levied in such year, or in anticipation of other revenue for such year, the Borough may, by resolution, borrow money and issue its negotiable notes, each of which shall be designated by the fiscal year to which it pertains. The proceeds may be used to pay outstanding previous notes of same purpose, or for purposes provided for in the budget or for which taxes are levied or to be levied for in such year. The amount outstanding shall not exceed an amount certified as the gross borrowing power, and no such notes shall be authorized in excess of an amount certified as the net borrowing power. Tax anticipation notes may be renewed from time to time, but any note shall mature within 120 days after the beginning of the succeeding fiscal year, and bear an interest rate that does not exceed 6%. The Borough did not have any Tax Anticipation Notes in 2015.

#### NOTE 5: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2015 which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2016 were as follows:

Current Fund	\$ 62,682.00
Water Operating Fund	\$ 144,300.00
Sewer Operating Fund	\$ 692,000.00

#### NOTE 6: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Borough bills and collects its own property taxes and also taxes for the County and local school district. The collections and remittance of county and school taxes are accounted for in the Current Fund. Borough property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund.

<u>Taxes Collected in Advance</u> - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

	BALANCE DECEMBER <u>31, 2015</u>	BALANCE DECEMBER 31, 2014
Prepaid Taxes	<u>\$108,490.33</u>	<u>\$116,895.11</u>

#### NOTE 7: PENSION PLANS

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Fireman's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/annrprts.shtml.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

<u>Police and Fireman's Retirement System (PFRS)</u> - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

#### Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, In which case, benefits would begin the first day of the month after the member attains normal retirement age.

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

#### Vesting and Benefit Provisions (Continued)

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP. Employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

## **Funding Policy**

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan members and employer contributions may be amended by State of New Jersey legislation. Effect July 2014 PERS provides for employee contributions of 6.92% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The contribution policy for PFRS is set by N.J.S.A. 43: 16A and requires contributions by active members and contributing employers. Plan member and employer contributions *may* be amended by Slate of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. During 2014, members contributed at a uniform rate of 10.00% of base salary.

All contributions were equal to the required contributions for each of the three years, respectively.

Certain Borough employees are also covered by the Federal Insurance Contribution Act. The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$342,255.00 for 2012, \$371,170.00 for 2013 and \$283,532.00 for 2014.

#### NOTE 7: PENSION PLANS

## Accounting and Financial Reporting for Pensions - GASB #68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" and is effective for fiscal years beginning after June 15, 2014. This statement requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) of the participating municipality as of December 31, 2015. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2015.

#### Public Employees Retirement System (PERS)

At June 30, 2015, the State reported a net pension liability of \$2,441,146.00 for the Borough of Flemington's proportionate share of the total net pension liability. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Borough's proportion was 0.0108746704 percent, which was a decrease of 0.0022682087 percent from its proportion measured as of June 30, 2014.

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

#### Public Employees Retirement System (PERS) (Continued)

For the year ended June 30, 2015, the State recognized an actuarially determined pension expense of \$116,051.00 for the Borough of Flemington's proportionate share of the total pension expense. The pension expense recognized in the Borough's financial statement based on the April 1, 2015 billing was \$108,348.00.

At June 30, 2015, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Inflow of	Deferred Outflow of
Differences between expected and actual experience	<u>Resources</u>	Resources \$58,237.00
Changes of assumptions		262,160.00
Net difference between projected and actual earnings on pension plan investments	\$39,249.00	
Changes in proportion and differences between Borough contributions and proportionate share of contributions	360,291.00	143,168.00
	\$399,540.00	\$463,565.00

Other local amounts reported by the State as the Borough's proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the State's actuarially calculated pension expense as follows:

Year Ended	
<u>June 30</u>	<u>Amount</u>
2016	\$7,968.00
2017	\$7,968.00
2018	\$7,968.00
2019	\$44,629.00
2020	(\$4,508.00)

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

Additional Information

Collective balances at June 30, 2015 and 2014 are as follows

Collective deferred outflows of resources	<u>6/30/2015</u> \$5,086,138,484	<u>6/30/2014</u> \$1,032,618,058
Collective deferred inflows of resources	478,031,236	1,726,631,532
Collective net pension liability - local	22,447,996,119	18,722,735,003
Borough's Proportion	0.0108746704%	0.0131428791%

#### **Actuarial Assumptions**

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. These actuarial valuations used the following assumptions:

	June 30, 2014	June 30, 2015
Inflation Salary Increases (based on age)	3.01 Percent	3.04 Percent
2012-2021 Thereafter	2.15-4.40 Percent 3.15-5.40 Percent	2.15-4.40 Percent 3.15-5.40 Percent
Investment Rate of Return	7.90 Percent	7.90 percent

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

#### Actuarial Assumptions (Continued)

The actuarial assumptions used were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 and June 30, 2015 are summarized in the following table:

	June 30, 2015		June 30, 2014	
		Long-Term		Long-Term
	Target	Expected Real	Target	Expected Real
Asset Class	Allocation	Rate of Return	Allocation	Rate of Return
Cash	5.00%	1.04%	6.00%	0.80%
Core Bond			1.00%	2.49%
Intermediate Term Bonds			11.20%	2.26%
Mortgages	2.10%	1.62%	2.50%	2.17%
High Yield Bonds	2.00%	4.03%	5.50%	4.82%
Inflation Indexed Bonds	1.50%	3.25%	2.50%	3.51%
Broad U.S. Equities	27.25%	8.52%	25.90%	8.22%
Developed Foreign Markets	12.00%	6.88%	12.70%	8.12%
Emerging Market Equities	6.40%	10.00%	6.50%	9.91%
Private Equity	9.25%	12.41%	8.25%	13.02%

REIT	4.25%	5.12%	_	
	100.00%		100.00%	

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

#### Discount Rate

The discount rate used to measure the total pension liability was 4.90% and 5.39% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.30% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

#### Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1-percentage-point higher than the current rate:

	June 30, 2015			
	1%	At Current	1%	
	Decrease	Discount Rate	Increase	
	<u>3.90%</u>	<u>4.90%</u>	<u>5.90%</u>	
Borough's proportionate share				
of the pension liability	\$3,034,045.00	\$2,441,146.00	\$1,944,063.00	

#### Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS).

### Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

### Police and Firemen's Retirement System (PFRS)

At June 30, 2015, the State reported a net pension liability of \$5,619,111.00 for the Borough of Flemington's proportionate share of the total PFRS net pension liability. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Borough's proportion was 0.0337352175 percent, which was an increase of 0.0038780068 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2015, the State recognized an actuarially determined pension expense of \$654,329.00. The pension expense recognized in the Borough's financial statement based on the April 1, 2015 billing was \$229,324.00.

At June 30, 2015, the State reported deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

Differences between expected and actual experience	Deferred Inflow of <u>Resources</u> \$48,467.00	Deferred Outflow of Resources
Changes of assumptions		\$1,037,428.00
Net difference between projected and actual earnings on pension plan investments	97,796.00	
Changes in proportion and differences between the Borough's contributions and proportionate share of contributions		735,003.00
	\$146,263.00	\$1,772,431.00

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
<u>June 30</u>	<u>Amount</u>
2016	\$336,970.00
2017	\$336,970.00
2018	\$336,970.00
2019	\$432,786.00
2020	\$182,472.00

### **Additional Information**

Collective balances at June 30, 2015 and 2014 are as follows

Collective deferred outflows of resources	<u>6/30/2015</u> \$3,527,123,787	<u>6/30/2014</u> \$456,706,121
Collective deferred inflows of resources	466,113,435	1,283,652,103
Collective net pension liability - local	16,656,514,197	12,579,072,492
Borough's Proportion	0.0337352175%	0.0298572107%

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

### **Actuarial Assumptions**

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following assumptions:

Inflation	3.04 Percent	3.01 Percent
Salary Increases (based on age)		
2012-2021	2.60-9.48 Percent	3.95-8.62 Percent
Thereafter	3.60-10.48 Percent	4.95-9.62 Percent
Investment Rate of Return	7.90 Percent	7.90 Percent

Mortality rates used for the July 1, 2014 valuation were based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and one year using Projection Scale BB for male service retirements with adjustments for mortality improvements from the base year based on Projection Scale BB. Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected fourteen years using Projection Scale BB for female service retirements and beneficiaries with adjustments for mortality improvements from the base year of 2014 based on Projection Scale BB.

Mortality rates used for the July 1, 2013 valuation were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback one year for females) with adjustments for mortality improvements from the base year of 2011 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

The actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2007 to June 30, 2010.

### Actuarial Assumptions (Continued)

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2015 are summarized in the following table:

	June 30,2015		June 30,2014		
		Long-Term		Long-Term	
	Target	Expected Real	Target	Expected Real	
Asset Class	<u>Allocation</u>	Rate of Return	<u>Allocation</u>	Rate of Return

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

### Discount Rate

The discount rate used to measure the total pension liability was 5.79% and 6.32% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

### Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1-percentage-point higher than the current rate:

	June 30, 2015		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>4.79%</u>	<u>5.79%</u>	<u>6.79%</u>
Borough's proportionate share			
of the PFRS pension liability	\$7,407,773.00	\$5,619,111.00	\$4,160,618.00

### Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement

### NOTE 8: COMPENSATED ABSENCES

Under the existing policy of the Borough, employees are allowed to accumulate unused vacation and sick pay over the life of their working careers which may be taken as time off or paid at a later date. No more than five days of vacation may be accumulated in the aggregate. Unused sick pay is forfeited if the employee leaves for other than retirement. The accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented but has been estimated to be \$263,250.15. The Borough annually appropriates the amounts that are required to be paid in that year's budget.

### NOTE 9: LITIGATION

The Borough Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the Borough's insurance carrier or would have a material financial impact on the Borough.

### NOTE 10: TAX APPEALS

There are tax appeals filed with the County and State Tax Court of New Jersey requesting a reduction of assessments for the year 2015. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51. The Borough has made provision from tax revenues, in the amount of \$620.26 for these appeals in the event that the tax reductions are granted.

### NOTE 11: CONTINGENT LIABILITIES

The Borough participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in detail in Part II of the 2015 audit report. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2015, the Borough does not believe that any material liabilities will result from such audits.

### NOTE 12: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The Borough maintains commercial insurance coverage through the Statewide Insurance Fund covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following table is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

Fiscal <u>Year</u>	Interest <u>Earned</u>	Employee Contributions	Amount Reimbursed	Ending <u>Balance</u>
2015	\$ 171.09	\$ 4,331.12 \$	\$	116,151.74
2014	165.32	4,295.08	1,369.17	111,649.53
2013	197.05	29,413.38	23,431.86	108,558.30

### NOTE 13: DEFERRED COMPENSATION PLAN

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all Borough employees, permits them to defer a portion of their salaries until future years. The Borough does not make any contribution to the Plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

During March 2000 and in accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Borough's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

### NOTE 13: DEFERRED COMPENSATION PLAN (CONTINUED)

The Plan is administered by Nationwide Retirement Solutions.

The accompanying financial statements do not include the Borough's Deferred Compensation Plan activities. The Borough's Deferred Compensation Plan financial statements are contained in a separate review report.

### NOTE 14: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2015:

<u>FUND</u>		INTERFUND RECEIVABLE	INTERFUND PAYABLE
Current Fund	\$	165,102.46 \$	
Assessment Trust Fund			3,750.20
Animal Control Trust Fund		2,466.19	
Trust Other Fund			167,385.40
General Capital Fund		125,858.00	46.00
Water Utility Operating Fund			14,416.14
Water Utility Capital Fund		14,155.00	59,500.00
Sewer Utility Operating Fund			300.00
Sewer Utility Capital Fund			66,358.00
Public Assistance Trust Fund		4,174.09	
	\$_	311,755.74_\$	311,755.74

All balances resulted from the time lag between the dates that short-term loans were disbursed and the payment between funds were made.

### NOTE 15: LENGTH OF SERVICE AWARDS PROGRAM

During 2001, the Borough of Flemington adopted an ordinance establishing a Length of Service Awards Program for the members of the volunteer Fire Department pursuant to N.J.S.A. 40A:14-183 et seq.

Under this program, each volunteer of the volunteer Fire Department will have an annual amount of \$1,150.00 deposited into a tax deferred income account that will earn interest for the volunteer. The estimated annual cost of this program is \$24,000.00.

The accompanying financial statements do not include the Borough's Length of Service Awards Program's activities. The Borough's Length of Service Awards Program's financial statements are contained in a separate review report, as required by state regulation.

### NOTE 16: GASB 45 - OTHER POST RETIREMENT EMPLOYEE BENEFITS

The Borough provides Post Retirement Benefits to certain employees per the terms of their various labor agreements. Commencing with the year ending December 31, 2015, the above noted post employment benefits require the Borough to implement the note disclosure provision of GASB Statement 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pension." This statement which was adopted during 2004 by the Government Accounting Standard Board (GASB) requires the Borough to disclose in the notes of the financial statements the future costs of the other post employment benefits (OPEB) on a present value basis instead of the present pay as you go method. OPEB obligations are non-pension benefits that the Borough has contractually agreed to provide employees once they have retired.

The future value of benefits paid is not required to be reported in the financial statements as presented and has not been determined, but is probably material. Under current New Jersey budget and financial reporting requirements, the Borough will not have to provide any amounts in excess of their current cash costs or recognized any long-term obligations on their balance sheets.

### NOTE 17: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2015, the following deferred charges are shown on the balance sheets of the various funds:

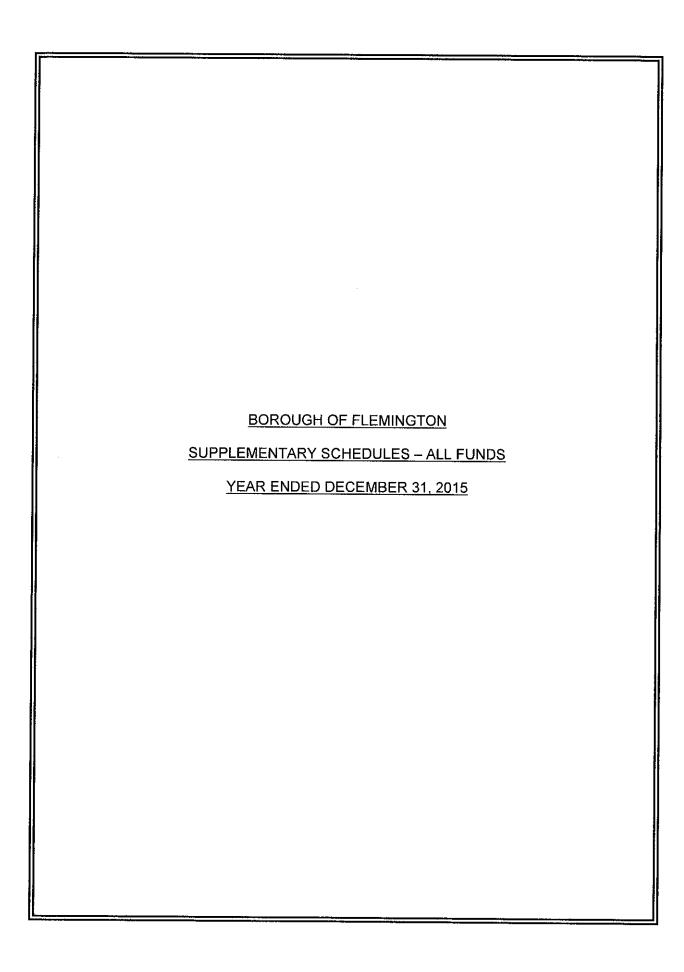

BALANCE		DEFERRED TO
DECEMBER	2016 BUDGET	BUDGETS OF
<u>31, 2015</u>	<u>APPROPRIATION</u>	SUCCEEDING YEARS

Current Fund:

Operating Deficit \$7,844.42 \$7,844.42 \$0.00

### NOTE 18: SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after the financial statement date through September 4, 2015 which is the date the financial statements were available to be issued. Based upon this evaluation, the Borough has determined that there are no subsequent events needed to be disclosed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of Flemington County of Hunterdon Flemington, New Jersey 08822

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Borough of Flemington, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements, and have issued our report thereon dated June 22, 2016. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Flemington prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

### Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Borough's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

### SUPLEE, CLOONEY & COMPANY

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we noted other internal control matters which are discussed in Part III, General Comments and Recommendations Section of this report.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted other instances of noncompliance which are discussed in Part III, General Comments and Recommendations Section of this report.

### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Flemington's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Flemington's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

2013		\$ 429,313,155.00

### COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		CURRENTLY				
		CASH	PERCENTAGE OF			
<u>YEAR</u>	TAX LEVY	COLLECTIONS	COLLECTION			
2015	\$13,972,093.31	\$13,605,192.31	97.37%			
2014	13,439,218.96	12,927,821.81	96.19%			
2013	12,751,585.43	12,532,700.21	98.28%			

### **DELINQUENT TAXES AND TAX TITLE LIENS**

This tabulation includes a comparison expressed in percentage of the total delinquent taxes, in relation to the tax levies of the last three years:

DECEMBER 31, YEAR	TAX TITLE <u>LIENS</u>	AMOUNT OF DELINQUENT TAXES	TOTAL <u>DELINQUENT</u>	PERCENTAGE OF TAX <u>LEVY</u>
2015 2014 2013	\$ 6,797.58 157,769.04 147,786.46	\$ 358,817.17 484,300.06 201,921.65	\$ 365,614.75 642,069.10 349,708.11	2.62% 4.78% 2.74%

### PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title liens on December 31, on the basis of the last assessed valuation of such properties, was as follows:

<u>YEAR</u>	<u>AMOUNT</u>
2015	\$380,000.00
2014	NONE
2013	NONE

### **COMPARISON OF WATER UTILITY LEVIES**

All bonds were examined and properly executed.

### GENERAL COMMENTS

#### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S.A. 40A:11-4

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2015, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$17,500.00. In accordance with N.J.S.A. 40A:11-3 and authorized by a resolution of the governing body, the bid threshold for all purchases made by the Borough's qualified purchasing agent is increased to \$36,000.00 effective August 9, 2010.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$36,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Park Avenue ADA Accessibility Improvement Project
Water and Sewer Improvements for Capner and Allen Streets

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$36,000.00 "for the performance of any work or the furnishing or hiring of any material or supplies," other than those where bids had been previously sought by public advertisement or where resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

The minutes indicate that resolutions authorizing contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 were awarded during 2015 for the following professional services:

Borough Auditor Borough Engineer Borough Attorney Borough Planner Borough Bond Counsel

### COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 2, 2015 adopted the following resolution authorizing interest to be charged on delinquent taxes.

BE IT RESOLVED by the Mayor and Common Council of the Borough of Flemington County of Hunterdon, State of New Jersey, as follows:

- 1. Taxes shall be collected quarterly on February 1, May 1, August 1 and November 1, 2015.
- 2. Interest shall be charged and calculated at the rate of 8% per annum on the first \$1,500.00 of the delinquency, and 18% per annum on any amount in excess of \$1,500.00 to be calculated from the date the tax was payable until the date the actual payment is received.
- 3. If a delinquency is over \$10,000.00 at year end an additional 6% flat penalty will be included.
- 4. Redemption fee for Tax Sale Certificates to the Municipality as follows:

2% on Certificates \$200.00 to \$5,000.00 4% on Certificates \$5,000.01 to \$10,000.00 6% on Certificates on \$10,000.01

5. There shall be a 10 day grace period, after which unpaid taxes will then be charged interest from the due date.

It appears from an examination of the records that interest was collected in accordance with the forgoing resolution.

#### DELINQUENT TAXES AND TAX TITLE LIENS

A tax sale was held on October 17, 2015 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

## DELINQUENT TAXES AND TAX TITLE LIENS (CONTINUED)

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

YEAR	NUMBER OF LIENS
2015	1
2014	4
2013	4

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

#### CONFIRMATION OF DELINQUENT TAXES AND OTHER CHARGES

A confirmation of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services consisting of verification notices as follows:

TYPE	MOMBER
Delinquent Tax Positive Confirmation	5
Delinquent Utility Rent Positive Confirmation	5
Information Tax Current Positive Confirmation	5
Information Utility Rent Positive Confirmation	5

#### **OTHER COMMENTS**

## <u>Interfunds</u>

Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. References to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year.

It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.

### OTHER COMMENTS (CONTINUED)

#### Segregation of Duties

During our audit, we noted that the Borough does not maintain an adequate segregation of duties due to the limited size of the entity. Various financial functions such as bank reconciliations and maintaining of receipt and disbursement books are performed by a single individual. This is not unusual in operations the size of the Borough, but the Borough should constantly be aware of this condition and realize the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. It is suggested that the Borough review and monitor incompatible functions on an ongoing basis in order to achieve a minimum level of control over the various financial operations of the municipality.

#### Purchasing

The Borough did not maintain a complete encumbrance accounting system in accordance with the Division of Local Government Services Technical Accounting Directive #85-1. We noted that several purchase orders are processed as confirming orders. This is where goods have been received or services have been rendered prior to the issuance of a purchase order. In effect, the controls that minimize the possibility of overexpenditures and unauthorized purchases are not in operation.

## OTHER DEPARTMENTS

We noted that the formal monthly bank reconciliations are not prepared for the Tax and Utility Collector or the Clerk's bank accounts.

# **RECOMMENDATIONS**

\*That a complete encumbrance accounting system be maintained in accordance with Technical Accounting Directive #85-1 and that the practice of issuing confirming orders be discontinued.

That all Borough Departments reconcile all bank accounts on a monthly basis.

\*Prior Year Recommendations
