

Vendor Certification of Web Accessibility Compliance

Municipality: Borough of Flemington, New Jersey

Primary Deadline: July 18, 2026 (Per NJ P.L. 2023, c.113)

Enhanced Deadline: January 1, 2028 (WCAG 2.2 Transition)

Part I: Vendor Information

Legal Name of Vendor: _____

Authorized Representative Name & Title: _____

Contact Email: _____ **Phone:** _____

Part II: Certification Statement

The Vendor hereby acknowledges and certifies that the website solution proposed shall meet or exceed the following statutory and technical requirements:

- 1. Immediate Standard (Launch):** The proposed solution will meet or exceed **WCAG 2.1 Level AA** standards by the municipal transition date of **July 18, 2026**.
- 2. Future-Proofing (2028 Requirement):** The Vendor guarantees that the platform provided is capable of, and will be updated to, **WCAG 2.2 Level AA** standards (including new criteria such as *Accessible Authentication*, *Dragging Movements*, and *Target Size*) no later than **January 1, 2028**, at no additional licensing cost to the Borough.
- 3. Mobile Accessibility:** In accordance with **NJ S1016**, the Vendor certifies that all pages and services are fully navigable and functional on smartphones, tablets, and mobile devices, adhering to the same WCAG standards.
- 4. Document Accessibility:** The Vendor affirms that any "preexisting conventional electronic documents" (PDFs, Word docs) migrated to the new site, which are required for active municipal services, will be remediated to meet accessibility standards.
- 5. Bi-Annual Recertification Support:** The Vendor agrees to provide the necessary accessibility audits and documentation required for the Borough's mandatory **bi-annual recertification** process.

Part III: Technical Documentation (Required Attachment)

Please check the boxes below to confirm that the following information is included in your proposal:

- Voluntary Product Accessibility Template (VPAT):** A current VPAT for the proposed platform.
- Remediation Plan:** A brief description of how your team handles accessibility errors identified during the development phase.
- Third-Party Tools:** A list of any third-party plugins or widgets included in the proposal and their respective compliance status.

Part IV: Technical Disclosure

Platform Basis: Is the solution built on a proprietary or open-source CMS? _____

Audit Method: How does the vendor verify compliance? (Check all that apply)

- Automated Testing (e.g., Axe, Wave)
- Manual Testing (Screen readers like JAWS/NVDA)
- User Testing (Testing by individuals with lived experience/disabilities)

Part V: Signature

I, the undersigned, certify that I am authorized to bind the Vendor to the commitments made herein and that all information provided is true and correct to the best of my knowledge.

Signature: _____ **Date:** _____

Printed Name: _____
